MONTPELIER

The steel rails for the B. & M. P. and T. Co., were laid to-day on the new bridge in course of construction on State street and it is believed by the engineers in charge that the electric cars will again be able to run to the terminal at Bailey avenue by the middle of next week, after several weeks.

Removal of a huge safe from the Bowman block to the store space to be opened by C. N. Phillips, jeweler, in the Union block attracted considerable attention yesterday afternoon. The safe was placed on wooden rollers and was drawn across the bridge by means of a pulley device rigged at one end of the bridge. The sidewalk across the bridge was closed for some time during the moving process.

The members of the team who made the trip accompanied by Coach S. A. Dolan were, Hatch, St. Mary, Appleby, Jefferys and Pike.

Alexander McKinnon, who had been employed in this city and Ryegate for the past two years, left this city for the rooming for Raymond, Cal, where he will pass the winter.

Articles lost on the street are not always consigned by the owner to the limbo of lost things, as it often happens that they are returned to police headquarters and there claimed. Within the past week, a dog, several handbags, a set of auto chains and a woman's hat have been described and claimed at the station.

Returns from the invitations issued by the committee for the second annual banquet of the Spanish-American war veterans of Washington county indicate that a very large majority of the members scattered throughout the county plan to answer the roll call at Hotel Barre Monday evening, when the going sounds at 8 o'clock. Covers will be laid for nearly 50 veterans and if a few of the quota expected fail to appear, it is more than likely that invited guests of the county association will fill the vacant places. It is proposed to have the after-dinner exercises under way by 9:30 o'clock in order to allow Northfield members of the association to return on the late evening train.

A deed registered to-day records the sale of the property at Berlin Corner owned by Mrs. Emma H. Bailey to Mr. and Mrs. Frank Belleville of Bradford, former residents of Barre, who have been spending a few days with friends in this city and Granville. The property consists of a house and barn and nearly four acres of land and the consideration was \$1,800. Mr. and Mrs. Belleville plan to move their household goods from Bradford to Berlin in the near future. Mrs. Bailey's plans have not been completed. The sale was consummated through the office of the D. A. Perry Real Estate agency.

A special meeting of the degree team of Ironquois lodge, No. 34, for promotion will be held Monday evening at 7 o'clock.

E. J. Johnson of the Curtis Publishing Co., Philadelphia, and D. Janion MacNichol, Boston representatives of the Taylor-Crittchfield-Clague Co. of Chicago, Ill., were among the advertising men in the city yesterday and to-day.

The North Barre Red Sox basketball team returned to the city early this morning from Waterbury, there it got away with a bad start in the opening game of its schedule. Waterbury basket tossers excelled in nearly every department of the game with the result that the Barre boys came away with the short end of a 51 to 26 score as their token of defeat. The following players appeared in the local line-up: Broderick, Tomasi, Quattroni, Smith and McKenzie.

Sunday evening, Dec. 12, at 7:30, there will be a union service in the Barre opera house. Dr. Samuel Zane Batten of Philadelphia, who is the secretary of the social service department of the northern Baptist convention, will speak. His subject will be, "The Practice of Citizenship." Dr. Batten was here two years ago, and all who heard him then will wish to hear him again. He is an author and educator of national reputation.

Arthur St. John, who was arrested on South Main street Thursday evening by Officer John W. Dineen and locked up at police headquarters on an intoxicating charge, became seriously ill yesterday, his condition necessitating a call from the city physician. Later he was able to appear before Magistrate H. W. Scott, where he pleaded guilty to a subsequent offense and furnished the conventional disclosure. The judge took the lad's testimony with a generous pinch of "salt" and then sent him to the county jail to serve a sentence of 30 days. Costs which the respondent was unable to pay will extend his sentence 18 days.

Harold Nute, who contributed his bit to howling history hereabouts in years past, is repeating his triumphs of last season on the alleys in Manchester, Concord and Nashua, N. H. With Davidson as his partner, Nute defeated Holmes and Reed of Boston in one of the most brilliant exhibitions of pin falling ever seen in Concord, according to a New Hampshire contemporary, which says in part: "The pins fell for Reed and Holmes, but they didn't fall fast enough to defeat such star candlepin artists as Nute and Davidson. Nute's last string of 156 was the highest of the match and constituted a brilliant exhibition of bowling." Nute was the high total man with 1,137 to his credit, Davidson next highest with 1,051, while Reed and Holmes were 985 and 982 respectively.

Alexander Hurry of Bugbee avenue received a letter from his brother, William Hurry, this morning advising him that the 87th Genadier Guards had claimed another Barre recruit in Montreal. Mr. Hurry's enlistment papers were accepted early this week and he is now a full fledged "rookie," as the raw recruits are designated. He expects to spend the winter in training and will probably depart for France with the first Canadian overseas contingent in the spring. Mr. Hurry will be remembered as a former Barre tool shaper. He was prominent here in amateur dramatics and in the city he is well remembered as the famous "Ragtime Four," a quartet of singing and dancing comedians, has lost one of its most valued members. Until a short time ago, Mr. Hurry was employed by Davis Bros., granite manufacturers, at their plant in Riviere LaPiere, P. Q.

A committee consisting of W. P. Scott, George Robins and Sec. H. P. Hinman of this city and S. H. Mills of Montpelier is making final arrangements for the annual business meeting and banquet of the Barre Granite Manufacturers' association, which is to be held next Wednesday afternoon and evening. The business session, which is to include the election of officers, will be held in Manufacturers' hall in the afternoon at 2 o'clock. At 8 o'clock the banquet will be served in the dining room at Hotel Barre. Invitations have been extended to manufacturers in Quincy, Concord and other manufacturing centers and it is expected that covers will be laid for nearly 200 men. Carroll's orchestra is to play during the dinner hour and an entirely unprecedented program to follow the dinner will be punctuated by orchestral overtures. The customary after-dinner exercises will be omitted.

The community Christmas tree movement in Barre is going along on its own momentum these days, so whole-heartedly have the citizens entered into the project. Last year there were community trees in Bennington, Brattleboro, Burlington, Bristol, Johnson, Manchester, Middlebury, Rutland, St. Albans, St. Johnsbury, Springfield, Waterbury, White River Junction, Williston, and Windsor, among other Vermont towns. While the initiative was taken by different types of organizations, it was significant that the plans were carried out through the cooperation of all citizens and all organizations, so that the trees were in every sense community trees. In Brattleboro it was a civic improvement league which voted to have a municipal tree. The community Christmas tree of Bennington and the attendant exercises were given under the auspices of the civic league. In Burlington the project suggested at a meeting of the merchants was taken up by the mayor, who called a public meeting, where a general committee was appointed, representing several interested organizations.

A number of people from this city were in Northfield last evening to attend the annual firemen's dance. Members of Carroll's orchestra played for the dancers.

A bay horse attached to a wood wagon owned by A. S. Martin ran away on South Main street early this morning and caused a good bit of commotion among people passing along the sidewalks on either side of the thoroughfare. Harry Campbell, a trainer employed at the Page veterinary stable, dove into the street and ended what might have been a runaway with much more serious consequence by determinedly grasping the horse by its bridle.
